keepbulliontaxfree.com

The Colorado Professional Numismatic Association (CPNA) was formed to help secure and protect Colorado's sales tax exemption on coins and precious metals. Today that exemption is threatened by Section 17 of HB26-1289, which proposes placing a sales tax on coins and bullion in Colorado. CPNA works to organize collectors, dealers, and citizens to educate policymakers and protect the economic strength of Colorado's numismatic community.

We need your help to protect Colorado's numismatic community and preserve the sales tax exemption. Join us now!
